FORTY HERE TO WAR

GEO. VEACH, BOSS OF GANG, TO LEAD FELLOW GREEKS BACK.

ON WABASH ALL SUMMER

Foreman Has Fought for Greece Before and Wants to Help Native Land Again.

From shoveling earth out of the Normal cut here to digging war trenches in the Balkans is a long jump.

But the spirit of Pericles is not altogether lacking in the souls of the Greeks who have been most active in the cut and filling work of the Wabash railroad here this summer. Avast the joke which says that the descendants of Themistocles are now shining shoes.

Yesterday came the cable report that the crisis in the Balkans was averted and that the third Balkan war was probably prevented by the firm stand of the Greeks. They accomplished it by mobilizing their army and showing Bulgaria that they meant business.

The call has gone out for all the Greek reservists in the United States, about 55,000, to return home to fight for their country. How close home to Maryville does that come? Just this near. Forty men now living in Maryville expect to answer that call.

George Veach, boss of the Greek construction gang in the filling of the trestle work here on the Wabash railroad, will take forty of his men, all Greek reservists, to Omaha to join the men who are being recruited by the Greek council there within the next three weeks.

Mr. Veach is well acquainted with the condition of railroad work in this part of the country and he gives it as his opinion that 3,800 men will go from Nebraska alone. Much railroad construction work will be tied up and temporarily delayed. The men here will not leave, however, for fifteen or twenty days, until their contract is completed.

The consul at Omaha will arrange their transportation to the Atlantic coast and passage back to the native land. A special train from the west will probably run through Omaha and pick them up C. Liliopoulos, consul at Seattle says that 10,000 will be called from his territory alone.

The foreman of the gang here has been in a former Balkan war and has made several trips to and from the old country. So he will lead his "regiment" from digging railroad dirt to throwing up trenches on the Greek frontier.

Many of the men who are going back are scornful of their compatriots who are settled in business and will not return to fight for "Hellenes." Few of them but hold those in contempt who have become naturalized.

"Those men in candy stores, shoe shining parlors and fruit stands have no—what you call patriotism—they do not love their country any more," said one of the workmen yesterday who spoke English very well. "We love Greece," he said with a sweep of his arm around at the other men; "we love her enough to go back and take up arms, even if it means death."

The Greeks have been here all summer working on the Wabash improvements. It has been noticed that they have sent remarkably large amounts home frequently, and that their thought seems always back on the Hellenic peninsula. Now the big test has come—for the answer to the call is optional—and forty of them have answered.

TO REBUILD M'MILLAN RESIDENCE

West Third Street Property Owners Improving Their Homes.

Work has been begun on the remodeling of the Ed McMillan residence, on West Third street, which was partially destroyed by a recent fire. A number of changes will be made and the entire home remodeled.

J. F. Karr, living just west of the McMillan place, is also doing some improving to his home, adding a new room, new basement and in other ways fixing it in better shape.

QUITMAN BANK WINS SUIT

Joseph Kempf Denied Replevin by Jury—R. B. Young Wins Appeal—Other Court News.

The Farmers bank of Quitman, the defendant in the replevin suit brought by Joseph Kempf, won yesterday afternoon. H. H. McClurg, foreman of the jury, reported yesterday afternoon that the finding was for the defendant but that $25.40 was due the mortgagor after the horses which were held by a chattel mortgage had been sold and all expenses paid.

Cook, Cummins & Dawson represented Kempf, and Wright & Ford the defendant bank.

Seth Ditto filed a non-suit without prejudice in his suit on contract against the City of Maryville this morning. The jury was drawn yesterday afternoon and statement of counsel made.

H. S. BOYS TO PLAY PICKERING

First of Series of Base Ball Games Tomorrow at Normal Grounds.

The Maryville high school base ball team will meet Pickering high school tomorrow afternoon at 3:45 on the Normal grounds. The personnel of the local team has not been decided, according to Paul Becker, director of high school athletics, but will be determined at a practice game this afternoon.

This game is the first of a series of fall base ball games with adjoining schools.

'NIP AND TUCK' IN MONROE

They're Trying for Road Bonds Again and Both Sides Are Polling Every Vote.

Monroe township is one of the "if at first you don't succeed, etc," kind of places, so they are making another effort to vote $25,000 for road improvements today. Five weeks ago the proposition was lost by eleven votes. Were the boosters discouraged? Never. They went right after a petition for another election lead by W. J. Skidmore of Skidmore.

Therefore, here's hoping it carries as it should after such persistence. Sixty-one voters asked for the election and it is said those sixty-one have been very active in campaigning for the bonds. Who knows? A drive to Skidmore may be the most popular auto ride in the county in a few years.

The judges in the election are: Frank Goslee, Ed Strickler, David Mitchell and Aaron Linville. The clerks are John Owens and Frank Barrett.

Advices from Skidmore late this afternoon indicate that the election will probably carry. The sentiment both for and against the bonds has been about equally divided, and should the proposition be defeated, the unfavorable majority will be very light.

To Live in Springfield.

Mr. and Mrs. James Greenlee and son have gone to Springfield, Mo., where they will make their home in future.

BLAGG TO PRESIDE

WILL BE CHAIRMAN OF BIG DEMOCRATIC MEETING AT ST. JOSEPH.

MANY GOING FROM HERE

Will Go in the Morning, Returning at Night On Special—Maryville Band to Be Taken.

The stage is all set for the big Champ Clark day in St. Joseph tomorrow. Attorney Wesley A. Blagg of this city, has been selected by the committee on arrangements for chairman of the meeting. This is a compliment to Maryville that should help to swell the crowd from here.

The managers of the affair announce that there will be candidates without number at the meeting but that no booms will be permitted as any part of the general program. It is to be a genuine get together meeting for the good of the party in general and for no man or men in particular. Champ

W. A. BLAGG.

Clark, Gov. Major, Senator Reed, Senator Stone and Senator J. Hamilton Lewis of Chicago, will make addresses. There will be no reserved seats except a few for the speakers and visitors on the tsage and a few box seats for those who subscribed money for the entertainment.

All of the Maryville Democrats will go on the morning Burlington train and will return at night after the meeting on a special train. The band from here will be taken.

A St. Joseph paper says At the conference here tomorrow, plans for the holding of the Democratic state convention are to be thoroughly gone over The convention, which will nominate delegates to the Democratic convention, will be held in February. St. Louis, St. Joseph, Kansas City and Jefferson City are bidders for the gathering.

In his speech here Champ Clark will touch largely upon national issues.

J. Hamilton Lewis, the famous "Ham" of Illinois senatorial fame, and one of the most eloquent orators in America, is expected to be among the speakers at the Auditorium. "Ham" Lewis is one of the most unique, and at the same time one of the most brilliant men in public life, and his appearance alone is usually sufficient to fill an auditorium.

Purely Democratic Affair.

There will be no banquet. It is felt that the attendance will be so great that any attempt to take care of all would be futile, and the committee wishes this to be a purely democratic affair, at which all are welcome. Hence the decision to arrange merely for an afternoon and evening outburst of oratory.

Burlington Special Train.

The Burlington railroad will run a special train of twenty coaches. Advices received yesterday from points about the state indicate that from each of the following towns on the Burlington the number of persons designated may be expected: Fairfax, 60; Tarkio, 75; Hamilton, 25; Grant City, 100; Albany, 75; King City, 50; Maryville, 75. Holt county promises a delegation of at least 300.

Skidmore Visitor Leaves.

Mrs. W. H. Hoblitzell of Skidmore, who has been visiting her sister, Mrs. Charles Viles, has returned to her home. Mrs. Hoblitzell spent several weeks in St. Francis hospital taking medical treatment.

A marriage license was issued yesterday to Ernest E. Patee of Atlanthus and Miss Flora Alice Justus of Parnell.

WILSON ASKS DEATH STAY

Utah Governor Requested to Postpone Execution Until Swedish Minister Presents Facts.

Special to The Democrat-Forum.

Washington, Sept. 30.—President Wilson wired the governor of Utah this morning requesting a postponement of the execution of Joseph Hillstorm, sentenced to be hung for murder, until the Swedish minister could present additional facts concerning the case.

GERMANS ADMIT IT

WAR OFFICE ANNOUNCES REVERSES INFLICTED BY FRENCH.

LOSES ARE STILL HEAVY

Two English Companies Blown Up by Mine at Ypres—Allies' Assertions Sustained.

Special to The Democrat-Forum.

Berlin, Sept. 30.—The French have inflicted reverses upon the Germans, it was admitted by the war office today. A hill near Massiges of considerable importance was admitted to have fallen into the hands of the French.

German mines blew up two companies of English troops near Ypres. At St. Marie the French cut through the German lines in many places, it was admitted, but the kaiser's staff asserts that in every case the attacking force was destroyed by the second and third reserve lines.

The war office, in a statement to the public, warns them not to minimize the importance of the great allied offensive, saying that the outcome of the drive was still in doubt. A virtual admission of all the claims which the French have made in the last three days was announced.

CALM NIGHT ON MANY FRONTS

But Paris Reports Steady Progress and Sustained Bombarding in Artois and Champagne.

Special to The Democrat-Forum.

Paris, Sept. 30.—The French have penetrated the second line of the German defense in Champagne, according to an announcement of the war office. The German line has been broken west of the Navarin farms.

The French have been aided by a sustained artillery fire in Artois. The Teutons are bombarding the new positions violently near Souchez. Tahure Hill and Navarin have been the scenes of the greatest French successes.

The captured points in the second line are now being firmly held where the French have repeatedly broken through the German lines. At some points the allied forces have penetrated even farther, but have been forced to retire under fierce artillery fire from the flanks.

A fortress was captured south of Ripont. The night was calm on the rest of the battle front.

The loss of life is reported to continue as heavy as ever.

Mrs. Bartlett Leaves.

Mrs. C. E. Bartlett of Boise, Idaho, who has been spending several days in the city, the guest of Mr. and Mrs. W. C. Pierce, left yesterday for a few days' visit with friends in Kansas City, after which she will return home.

"MUSH" TO NICKLES

AND THE FIVE-CENT PIECES KNEW ALASKAN DOG TALK.

FROM NOME TO 'FRISCO'

Clever Woman Josher With Gold Prospector's Outfit Drew Crowd Today and Yesterday.

"Mason's Alaska Dogs. Nome, Alaska, to San Francisco through Europe," reads the sign along the side of the dog cart. And the five dogs hitched to a wagon but little larger than a child's cart, with their driver, Miss Estell Mason, attracted almost as much attention here yesterday afternoon and this morning as a circus.

The outfit is but another of those which are crossing the country with a scheme to get to the fair, but one must admit that it is the cleverest seen here. On top of the wagon is an Alaska sled, and leashed to the back of the wagon are three other dogs. The aristocrat of the canines, "Manafee," pet and trick performer, perches proudly on the front seat, never soiling his snow whiteness by touching mud.

And how they do rake in the sheckles. It's a shame to have to work when the nickles will come rolling in as they did to Miss Mason for a long time last night. The jitneys are for a post card upon which side is a picture of the outfit, and on the other a poem by Harry J. Mason, extolling the Malimute or Alaska dog team. She sold twenty cards at 5 cents each in fifteen minutes by a watch yesterday afternoon.

She left Nome October 27, 1908, under a large wager by which she must complete 32,000 miles and return to Nome by December 25, 1915, with at least two of the original dogs which she stated. Her mileage was completed at Cincinnati, April 21, of this year. All her expenses, she says, must be from the sale of the cards.

The skeptics are always present, however, and there were many who believe that Miss Estell is not the sister, but the wife of the Harry J. who writes the poems, and that he is not back in Alaska prospecting, but laying low to join the real "nickles prospector" on her trip from town to town.

Be that as it may, little doubt is expressed as to the genuineness of the dogs. For they answer to "Much," the Alaskan for "get up" or "go ahead." When a stop is made they lie down in the harness and go to sleep, and they sure do go after dried salmon as if it were the best meat ever.

At another feat, the leader of the troupe is a star. She is a prize "josher," and the kidding she handed out as she sold the cards was really worth the price of an admission. At some places she does hire a hall and give a performance. And she never urges anyone to buy cards. That would hurt the sale. She just keeps on talking about Petrograd, Hamburg, Germany, the Philippines, Siberia and the Yukon, while the sales take care of themselves.

Miss Mason says that she has come between four and five thousand miles by land. She was in England when the war broke out and remained there nine weeks. She says the best mileage the dogs ever made was 115 miles in 10 hours, in Siberia on snow.

Officials in every city sign her documents and postal registry is given at important centers. St. Louis was the last registry and she is required to be in Lincoln, Neb., by October 27.

And The Democrat-Forum business office thinks a lot of her for she did not take all the coin out of Maryville with her but came in and gave an order for 1,000 more cards to be printed.

CROWD ATTENDS INSTALLATION.

Many Hear Sermon by Former Maryville Pastor Last Night.

A large crowd was present at the First Presbyterian church last night to witness the installation ceremonies for the new pastor, the Rev. William Moll Case.

The principal feature of the evening was the address of the former pastor, the Rev. S. D. Harkness, new minister at the Immanuel Presbyterian church of Kansas City. Other pastors from the presbytery attending were Dr. Duncan Brown and the Rev. D. N. Claggett of St. Joseph.

MARTIAL LAW IN MACEDONIA

Greek Chamber of Deputies Votes $29,000,000 to Get Country on War Footing

Special to The Democrat-Forum.

Athens, Sept. 30.—Martial law has been proclaimed in Macedonia. The chamber of deputies has sanctioned all the arrangements made by the premier for the conduct of affairs in that province.

All measures for putting Greece on a war footing have been adopted. An appropriation bill calling for $29,000,000 for mobilization and the pensioning of soldiers and their families was passed yesterday.

CARRANZA TOLD TO GET BUSY

U. S. Orders Dispersing of Marauders at Progresso With Invasion Threat.

Special to The Democrat-Forum.

Brownsville, Texas, Sept. 30.—The American government has served notice on the Carranzista commander at Matamoras that if he doesn't send troops against the Mexican raiders encamped opposite Progresso, the act will be deemed unfriendly.

The force of marauders is believed to number 700. The general was also informed that acts necessary to protect Americans would be taken by the troops of the United States. It is believed here that it is meant that the American troops will cross the border if quiet is not restored on the other side of the river.

The message was sent through the war department.

PELTZER AFFAIRS PROBED

Irregularities Reported in Business of Kansas City Man Who Fell Five Stories to Death.

Special to The Democrat-Forum.

Kansas City, Sept. 30.—The coroner has ordered the police to investigate the business affairs of T. C. Peltzer, a real estate dealer, who fell five stories to his death from his office window yesterday afternoon.

It is rumored that Peltzer had an $18,000 note to meet today and a $5,000 overdraft at the bank. It is thought that these difficulties would probably have brought irregularities to light. It is also reported that a man recently received a notice to pay off a mortgage which he asserts he paid to Peltzer two years ago.

The insurance companies among which he had policies totaling $425,000 are holding up the benefit payments until his affairs are straightened out. He inherited a fortune and was connected with several trust companies.

RETURNED FROM MEETING.

Speakers at Republican Meeting Laud President and Champ Clark.

J. S. Shinabargar and W. R. Tilson returned last evening from St. Louis where they attended the Republican love feast. They attended the banquet of the Missouri Republicans at the Planters hotel Tuesday evening, addresses being made by Senator John W. Weeks of Massachusetts, Congressman James R. Mann of Illinois and former Congressman James Watson of Indiana.

Senator Weeks said President Wilson should not be harassed or hampered in his diplomatic relations with the belligerents. Congressman Mann, who uttered praise of Champ Clark, declared that Americans must not become military mad.

25 DEAD ON GULF

TROPICAL STORM, SWEEPING NORTH, DOES GREAT DAMAGE.

PROBABLY $1,500,000.00

Unpicked Cotton Suffers Chiefly—All Over in New Orleans, But Hurricane is Approaching Vicksburg.

Special to The Democrat-Forum.

Memphis, Tenn., Sept. 30.—More than 25 dead have already been reported in the region north of New Orleans as a result of the gulf storm and hurricane which is sweeping northward from that city. Scores are injured and the property damage is estimated at a million and a half dollars.

The property damage was mostly to unpicked cotton in the fields. The greatest damage was in the Lake Pontchartrain district. Latest reports say that the water is receding in the streets of New Orleans, which was swept there by the high waves.

The storm has subsided in New Orleans. Ten dead have been found. The greatest property damage was the destruction of old landmarks. All towns fifty miles inland from the gulf were severely damaged.

An unidentified schooner is breaking up on the rocks off Gulf port, and every effort is ebing made to effect a rescue, but the sea is still running high. Houses were unroofed at Jackson, Miss.

The railroads have suffered many washouts and few trains are running. The storm is approaching Vicksburg today. The wind is only 40 miles an hour, but is increasing. Wire service has been completely broken in many parts of the central southern states.

ARDMORE MAY SUE ROADS

Railway Companies Blamed for Gasoline Explosion and Face Many Suits.

Special to The Democrat-Forum.

Ardmore, Okla., Sept. 30.—The investigation of the gasoline explosion disaster was continued by the city officials here today with the charge that the Santa Fé Railway company was careless in placing such explosive material in a defective car.

It was also charged that the regulations of the interstate commerce commission was ignored by placing the car so near the station. Officials predicted that many public and private suits for damage against the railroad company will be filed.

PEACE RUMORS AGAIN.

Berlin Hears That Russia is Preparing Proposals to the German Government.

Berlin, Sept. 30.—It is rumored in official circles here that Russia is about to express a willingness to make peace under certain conditions which are now being formed by the czar and his ministers.

WILDERMAN BROKE WRIST.

Slipped On Curbing in St. Joseph Tuesday and Fell Heavily.

T. L. Wilderman fell Tuesday in St. Joseph, when a heel plate on his shoe slipped on a steel plate of a curbing. When he threw out his arms to catch the force of the fall his left wrist was broken. Only one of the bones was fractured and the other dislocated. He is doing as well as could be expected, the physicians report.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Patrimony is a great aid to matrimony.

Tomorrow is the day, St. Joseph is the place. All aboard.

Owing to the apathy of the police in St. Joseph, Judge Ryan of the criminal court has ordered the sheriff to clean up the town.

Des Moines claims the richest newsboy in the world. His name is Mose Jacobs, and he has accumulated $15,000.

An exchange suggests that lotteries are no longer allowed in this country, but the system of ordering from the waiter and paying for what you get still obtains.

This whole country, hills and valleys, would be navigable if the old boast of the Mississippi steamboat pilots was true that their boats would run on a heavy dew.

The announcement of men's clothiers that vests and waistcoats are to have a prominent place among fashions this year should increase the interest in Senator J. Ham Lewis at St. Joseph tomorrow.

Dictionary makers announce that there are now 600,000 words in the English language, and that four new ones are being added daily. Friends who have heard Billy Sunday up at Omaha say that four is rather a low average.

From a recent souvenir sent out by the United States pension bureau on account of the forty-ninth national encampment of the Grand Army of the Republic, we notice the following of interest: The pension roll, for the first time since the war, shows a decline, having fallen nearly seven million dollars for 1915. Out of 2,213,365 men enlisted on the Union side only 396,370 are living. Last year 33,255 died. Since the end of the late unpleasantness 1,816,995 soldiers who survived the grape have fallen before the sickle of time. The total paid for pensions last year was something over 165 millions, of which 36,000 Missouri pensioners received about eight millions. Only five other states exceed Missouri in the amount received, and the total disbursements require four million checks, which are signed by multiple machines and other labor saving devices.

BIDS ON 16 NEW SUBMARINES.

New U-Boats Will Have Capacity of Trans-Atlantic Trip.

Special to The Democrat-Forum.

Washington, Sept. 30.—Proposals for sixteen submarines were opened at the Navy Department today. When completed they will bring the total of Uncle Sam's underwater craft up to 74. The new boats will be designed primarily for coast defense although they will have a steaming radius which will permit them to cross the Atlantic Ocean if necessary.

In design and equipment, the new U boats will be modelle dafter the eight craft of the K class already in commission with all of the improvements of the latest or L class, eleven of which are already built or building. They will have a length of 160 feet with a 17-foot beam, a surface displacement of 450 to 475 tons and an underwater displacement of some 600 tons. They will make a moderate speed of from 13 to 15 knots an hour on the surface.

BODY IS MOTIONLESS IN AIR.

Italian Gets Wonderful Results From New Sky Apparatus.

Paris.—Louis Rota, an italian engineer, has solved the problem of holding an object motionless in space, according to the Marseilles correspondent of Petit Parisien. Rota is credited with having constructed an apparatus which, by the action of electric currents, can be elevated to a height of 2,000 to 3,000 feet and kept motionless, or propelled in any direction at a speed of more than 100 miles an hour.

Rota's apparatus is spindle shaped, twelve feet long and two feet in diameter, and can carry a weight of ninety pounds. It is said to remain motionless in a wind of considerable velocity, but if the wind becomes very strong it rises automatically until it reaches a calmer region of the air. The invention is based upon reactions obtained from the electromagnetic forces of the atmosphere.

LAUGHS NEARLY TWO HOURS.

Negress Who Sees Fat Man Chase Hat Has to Have Morphine.

Kansas City, Mo.—Betsy Green, a stout negro woman, stood beside a big fat man at Riverview station here when down the street flitted a puff of wind and neatly removed the fat man's hat and sent it sailing up Central avenue.

Every one smiled as the fat man gave chase as best his avoirdupois would permit. Betsy laughed.

When Betsy had laughed for an hour and forty-five minutes without being able to stop an ambulance surgeon stopped it with a dose of morphine.

SNAKE PLAYS PICKPOCKET.

Steals Farmer's Watch From Vest Hung on Tree.

Sunbury, Pa.—Overheated while cutting wood on his farm at Kline's Grove, Charles R. Johnson hung his vest on a sapling. When he put on his vest his watch was missing.

Later Johnson found a big blacksnake and killed it. A suspicious lump protruded from its stomach. Johnson cut the snake open, and his watch rolled out undamaged. The farmer has nailed the snake, six feet four inches in length, to his barn as an affidavit to doubting friends.

MORE PIERS NEEDED FOR CANAL TRAFFIC

Congestion So Great Third Being Built; Plan Fourth.

Panama.—Since the opening of the canal a year ago the shipping in the port of Cristobal, at the northern end of the waterway, has increased so rapidly that the two 1,000 foot steel and concrete piers, costing $2,500,000 each, are no longer adequate to care for the vast amount of freight handled. A third pier is being built, and plans for a fourth have been drawn up.

Frequently the congestion at the two piers is so great that ships have to wait their turn in order to get docking room. This is causing considerable delay to traffic, especially that which comes to the isthmus to be reshipped to points along the coasts of Central and South America. These broken cargoes are frequently delayed from a month to six weeks.

It had been thought that Balboa, the southern terminus of the canal, would become the most important transshipping port of the canal terminal. Two 1,000 foot piers extending into the inner harbor, besides two long shore line piers, were planned and are now in course of construction. Officials now, however, are of the opinion that this will be far more than Balboa will require for some years to come.

It was expected that the South American steamship lines would make that their terminal port and that probably some of the Atlantic connecting links would pass through the canal to deliver their cargoes at the Balboa docks; also it was thought that the cargo which did not come through the canal in this manner would be handled by the Panama railroad.

The South American steamship lines, however, suddenly decided to pass through the canal and pick up their cargoes at the Cristobal terminals because they learned they could use the canal, paying the tolls on a ballast basis one way, return with a full hold and do it cheaper than if they made Balboa their terminal. The high tides at the Balboa terminals also had much to do with their decision. Besides, freight rates on the Panama railroad are said to be very high.

Dog Warns by Telephone.

Paris.—According to the Gazette de France, a certain French regiment possesses a dog which is sent out from advanced sentry posts at night with a telephone strapped over his mouth and a wire connecting the instrument with the post. If the dog hears the Germans approaching it barks quietly into the telephone.

WATCH OUT WHAT YOU SHOOT

Federal Game Laws Differ From the State But Your Uncle Sam Enforces.

Special to The Democrat-Forum.

Washington, Sept. 30.—With the approach of the open season for shooting wild fowl, the United States department of agriculture is warning sportsmen that the Federal regulations as amended October 1, 1914, will be strictly enforced. Some misunderstanding has arisen from the fact that the various state laws do not always conform to the Federal regulations. This is regarded as unfortunate but in such cases the Department must insist upon the observance of the Federal regulations.

The Department will consider any recommendations submitted in good faith for amendment of the regulations but will hold no public hearings thereon, nor will it amend the regulations prior to October 15, 1915. It is the purpose of the Department to conform the regulations to the wishes of the majority of sportsmen so far as it can be done and at the same time give wild fowl the necessary protection.

POLITICS DAY WITH VETERANS

Officers Will Be Elected Today and Comrades Are Being "Buttonholed" Everywhere.

Special to The Democrat-Forum.

Washington, Sept. 30.—Business sessions, featured by spirited campaigning for commander-in-chief, today occupied the time of the visiting veterans of the G. A. R.

Four candidates were in the field to succeed Gen. D. J. Palmer, as commander-in-chief and chief interest centered in the efforts of the friends of each to win support for his candidate.

Elias R. Montfort, for sixteen years postmaster at Cincinnati, was reported to have strong endorsement for the place and his campaign managers were busy buttonholing their comrades in his behalf.

Equally active and confident of success were the friends of Orlando A. Somers, of Indianopils; William J. Patterson of Pittsburg, and Frank O. Cole of Jersey City. These veterans are past department commanders and this was being used by their state delegations as an argument for them.

George H. Slabaugh of this city, had no opposition for the office of senior vice commander-in-chief and as this office invariably is given to a member of the entertaining camp his selection virtually was assured.

For junior vice commander there were three candidates and this contest also attracted much attention of the veterans, especially those from the South, from which section the candidate usually is selected. John W. Stebbins of Norfolk, Va., Prof. Levant Dodge of Berea college, Ky., and Col. E. K. Russ of New Orleans, were the candidates for the Post.

N. W. MO .OSTEOPATHS MEET.

Dr. Snyder of Burlington Junction Elected Secretary of Medical Society.

The northwest Missouri osteopaths met at Oregon on September 28, 1915. They were entertained by the two local osteopathic physicians, Dr. Emma Black and Dr. W. W. Turner. New officers were elected as follows: Dr. W. E. Paul of Mound City, president; Dr. C. S. Spangler of Maitland, vice president; Dr. Syler of Burlington Junction, secretary.

The following program was given:

"The Eye in Relation to Disease"—Dr. Syler.

"Technique"—Drs. Paul and Taylor.

Report of Portland, Ore., national osteopathic convention—Dr. Ida M. Rogers.

"Thoroughness in Diagnosis"—Dr. Emma Black.

Those unable to attend were: Dr. Bone of Maryville, Dr. Spangler of Maitland, Dr. T. Paul of Tarkio, Dr. Kinney of Rock Port, Dr. Roberts of King City and Dr. Lena Eisiminger of Savannah.

The next meeting will be held with Dr. Syler in Burlington Junction, November 23, 1915.

RETURNS TO ATLANTIC.

H. C. Conrad and Family Arrive at Old Home in Iowa.

H. C. Conrad, known to his host of friends here as "Hal," and who left this city a few years ago to practice chiropractic and located first at Corning, where he was for a number of years, and then at Maryville, Mo., where he has been practicing for some time, is in the city, and will again make his home here. His wife and daughter are here with him, and on the first of October, or soon thereafter, Hal will open an office in the Alexander building for the practice of his profession.

Dr. Conrad is a graduate of the Palmer school at Davenport and is rated as one of the best equipped practitioners of the new science of chiropractic in this section of the state. He is a son of the late C. C. Conrad, whose long career in this city was an honorable one and it is not necessary to state that as a citizen and man Hal is a valuable asset to any community. His residence here as boy and man attest that.

Hal was well known to everyone here when he was connected with the Conrad shoe store, and the News-Telegraph joins his many other friends in wishing him success in his profession here and welcoming him back to the best city of its inches in the state.—Atlantic (Ia.) News-Telegraph.

PSYCHOLOGY OF FASHIONS.

State Teachers to View Model of a Uniform Business Suit.

Kansas City, Sept. 25.—"The Psychology of Changing Fashions in Women's Dress" will be the subject of a talk by Hugh Fullerton of the textile mills in Cleveland, O., at the state teachers' convention to be held here October 4, 5 and 6. Mr. Fullerton will bring samples of the standardized tailored suit for women, which he believes should be adopted to prevent unemployment in the shops which make women's garments.

A business suit for women to remain the same year by year is proposed. This will enable a woman whose suit is still in good condition to wear it a second or third year without fear of appearing "old fashioned." Mr. Fullerton will be brought here by domestic art department of the state teachers' association.

A Wise Father This.

A Denver man of considerable means who died last month, devised a peculiar, and in some respects highly sensible, method of leaving his money to his sons. He left each of them $500 and arranged that at the end of every year each of them shall receive a sum equal to what he has earned and saved during the year.—Youth's Companion.

Mrs. Porter Here.

Mrs. H. O. Porter of Manhattan, Kan., arrived in Maryville last night to spend a couple of weeks visiting her parents, Mr. and Mrs. H. C. Smith, of West Cooper street.

200 MILLION SANTA SEALS

Christmas Stamps Now Being Printed by Red Cross.—To Fight Tuberculosis.

Two hundred million Red Cross Christmas Seals are now being printed and distributed by the American Red Cross and The National Association for the study and prevention of Tuberculosis, according to a statement issued by the latter organization today. The proceeds from the sale of these seals will go for the fight against tuberculosis in the communities where the seals are sold.

The organization of the Red Cross sale this year will take in every state and territory of the United States, including Hawaii, Porto Rico, and the Canal Zone. By December 1st, over 500,000 workers, men, women and children, will be engaged in the campaign.

The sale in 1914 broke all previous records, totaling over 55,000,000 sales, an increase of 22 per cent over 1913. After deducting all expenses, this left nearly $500,000 for tuberculosis work in this country. The money has been and is being expended by over 2,000 different agencies who benefited from the sale in amounts ranging from $100 or less to over $25,000. The American Red Cross announces that it will continue its previous successful policy of charging only 10 per cent of the gross proceeds to state anti-tuberculosis associations, thereby encouraging local work.

TAKE PATENT MEDICINE

Federal Courts Condemn or Fine Fifty Companies for Mislabeling.

Special to The Democrat-Forum.

Washington, Sept. 30.—More than half a hundred legal actions have been terminated successfully under the Sherley amendment to the Food and Drugs Act, which prohibits false and fradulent claims as to the curative or therapeutic effects of drugs or medicines. Criminal prosecutions against the manufacturers were brought in 25 cases, but in 31 instances the falsely and fraudulently labeled medicines were seized while in interstate commerce. Claims made by the manufacturers for the curative powers of these preparations ranged from tuberculosis smallpox and diptheria to coughs, colds and scalp diseases

The following list includes other preparations against which the government's charge that they were falsely or fradulently labeled was sustained by the Federal courts. Statements were made on the labels of, or on the circulars accompanying, the preparations intended to make the purchaser believe that the medicines were effective cures for a great variety of diseases for which they were recommended by the manufacturers or promoters. The main allegations of the government were upheld by the courts and judgment accordingly entered in connection with each of the following preparations:

Radam's Microbe Killer, Hilton's Specific, Smith's Agricultural Liniment, Dr. Sullivan's Sure Solvent, Russell's White Drops, Stramoline, Wild Cherry Pepsin, Moreau's Wine of Anise, Dr. Herman Koch's Brand Phosphate Celery and Gin Compound, Swisco Hair and Scalp Remedy, Cod Liver Oil with Syrup of Tar, Dr. Mozley's Lemon Elixir, Tutt's Pills, Universal Rheumatic Remedy, Green Mountain Oil, Weber's Genuine Alpine Herb Tea, Montague's Liniment, Coe's Cough Balsam, White Stone Lithia Water, Kalamazoo Celery and Sarsaparilla Compound, Quality Damiana Compound Dennis Eucalyptus Ointment, Cassidy's 4X The Great Blood Purifier, Sa-Yo Mint Jujubes, Gray's Glycerine Tonic Compound, Dr. Martel's Female Pills, Quickstep, Frye's Remedy; Seawright's Magnesian Lithia Water, Hill's Aromatic Ext. SOCIETY and CLUBLAND

By KATE SCHENCK
PHONES—OFFICE 42. HOME 683

Origin of the Club.

Not infrequently women of wit direct their shafts against the club so beloved and frequented by mankind. In Ralph Nevill's story of "London Clubs" and their origin and uses are some examples of wit aimed in the opposite direction.

The original conception of a London club was a retreat to which West End men might betake themselves, certain that the troubles and worries of the outside world would not follow them into a building which they regarded as a temple of dignified seclusion and repose.

Perhaps the best description of a club, as it existed in former days, was that given by a witty bishop, who defined it as a place "where women ceased from troubling and the weary were at rest."

Another amusing definition was once given by George Augustus Sala.

"A club," said Sala, "is a weapon used by savages to keep the white woman at a distance."—Youth's Companion.

Esther Louise Paulette.

For Mrs. Johnston.

Mrs. Charles D. Bellows and Miss Clara Bellows have issued invitations to guests for a Saturday afternoon euchre to meet their sister, Mrs. William H. Johnston of Seattle, Wash.

Ladies' Aid to Meet.

The Ladies' Aid society of the Buchanan Street Methodist church will hold its regular monthly session at 2:30 o'clock Friday afternoon at the church.

Mr. and Mrs. Mutz to Entertain.

Mr. and Mrs. Walter Mutz will entertain the members of the I X L club and their husbands and house guests with an evening party at the Mutz home Friday night.

Wells Dinner Party.

Work was commenced this morning the hosts of a dinner party given last night at the Wells home, on South Vine street, at which plates were laid for the Rev. S. D. Harkness of Kansas City, Miss Mabel Wells, Mr. Roy Curfman and the hosts.

Women Clear Good Sum.

The women of St. Patrick's Catholic church cleared the neat sum of $142 at their annual dinner, served yesterday in the church hall. Supper was also served and the sale of kitchen aprons and home-made candy added to the total amount received. The women of St. Patrick's parish are renowned for their delicious cookery, and their dinners are attended by immense crowds. The storm of yesterday made the attendance smaller than usual.

To Celebrate Anniversary.

Mr. and Mrs. C. B. Hornbuckle, living three miles west of Pickering, will celebrate their fortieth wedding anniversary Sunday, October 3, and to observe the day will entertain a number of relatives and friends with a dinner party at their home. Plates will be laid for forty. Mrs. Hornbuckle is a daughter of Mr. and Mrs. George Reynolds of West Second street.

Mrs. Wright Hostess.

Mrs. Henry Wright was the hostess yesterday afternoon to the meeting of the I X L club held at the Wright home, on North Main street. The usual needlework hour was followed by the serving of luncheon and a visiting hour. Mrs. Wright was assisted in her duties as hostess by Mrs. S. H. Kemp and Mrs. Eugene Rathbun. The special guests present were Mrs. Margaret Whedbee of Carthage, Mo., who is the house guest of Mrs. John Bantz and Mrs. F. M. Compton.

Some Interesting Reading.

Many of the articles prepared for the women's club edition of The Democrat-Forum issued last Saturday were left out on account of lack of space. Some were of exceptional merit and were omitted with great reluctance on the part of the editors. From time to time these articles will be used in the regular edition. "In the Shade of the Old Maple Tree," in yesterday's edition, which was read with so much interest, was one of the "left overs." The article was taken from a scrap book compiled by D. R. Eversole and loaned by him to the club women.

Mrs. Winnell Hostess.

Mrs. Fred Winnell, living near Wilcox, entertained a party of friends yesterday with an old-fashioned "rag tacking." The entire day was spent at the Winnell home. At noon a sumptuous dinner was served. Those in the crowd were Mrs. M. P. Gingrich, Mrs. Marshall Seibert, Mrs. E. P. Knabb, Mrs. Hugh Brody, Mrs. Brice Hall and son, Lester, Mrs. James Leffler, Mrs. C. C. Hainline, Mrs. M. Smith and daughter, Evelyn, Mrs. Silas Friend and son, Harlan, Mrs. Mary Thompson, Mrs. A. E. Fink, Mrs. John Dooley and daughter, Mildred, Mrs. Frank Gohn and two children, Mrs. Clarence Duncan, Mrs. William Sallee, Misses Florrie and Adelaide Thomas, Miss Ada Gingrich and Miss Florence Moore.

B. A. R. to Meet.

The first meeting of the winter for the Daughters of the American Revolution will be held at 2:30 o'clock Saturday afternoon at the J. F. Montgomery home on South Main street, with Mrs. Montgomery and Miss Ruth Montgomery hostesses.

Change Residence.

The Rev. and Mrs. Robert Lyle Finch and son, Robert, Jr., have moved from the cottage on West Second to apartments in the residence of Mrs. Margaret Starr, on the corner of Seventh and Mulberry, where they will be at home during the remainder of their stay in Maryville.

Mr. Finch to Milwaukee.

The Rev. R. L. Finch, pastor of the First Christian church, will leave tonight for Milwaukee, on a short business trip. He will return to Maryville the first of next week. Mr. Finch has resigned the Maryville pastorate to take that of the Park and Prospect Avenues Christian church at Milwaukee, and he will conduct the services at that church Sunday.

Miss Collins to Ann Arbor.

Miss Anna Collins left this afternoon for Ann Arbor, Mich., where she will enter college for the year. She was accompanied on the trip by her brother, Richard Collins, who will return after his sister is located.

SUNDAY SCHOOL FILMS TONIGHT.

"Loyalty," a Five-Reel Picture, Censored by Church, Also at Empire.

The moving pictures of the Christian church Sunday school rally last Sunday will be shown at the Empire tonight. The reel is of interest because it is all a "Made in Maryville" product. The actors live here and the reel was photographed and developed by F. R. Marcell. "Loyalty," a five-reel film, censored and selected by the church people, will also be shown.

WILCOX MERCHANT LEAVES.

W. M. Ritchie Will Move Business to St. Joseph Tomorrow.

W. M. Ritchie, proprietor of a general store at Wilcox and his family will move to St. Joseph this week to make their home. Mr. Ritchie will move his stock to St. Joseph and will probably go into business in that city in the near future. His plans are unsettled so far as to his business. He expects to move tomorrow.

REBUILDING CHURCH AT WILCOX

Methodist South Congregation Adding Social and Sunday School Rooms.

The congregation of the Methodist Church South of Wilcox, has subscribed the money for building over and remodeling its church building and the work was begun this week. The former frame building will be partially used. A new basement and foundation will be built of cement blocks and the Sunday school and social rooms will be added to the main auditorium.

The changes are made at considerable cost and the most of the money has already been paid in. The women of the congregation have assisted materially in the work, by the money they have raised at various entertainments given during the past few months.

Hopkins Farmer to Move to Texas.

George W. Otis, who for half a century has owned and operated a large farm near Hopkins, in this county, returned yesterday from a visit in the Trinity valley country in east Texas, and reports a very pleasant and profitable trip. Mr. Otis liked the country well enough to purchase a 160-acre farm near Trinity, Trinity county, and is arranging to make that country his future home. He will move as soon as possible after he disposes of his crops and stock this fall. Mr. Otis stopped over in Maryville last night, on his way home, in order to report to his brother, Ed Otis.

MARYVILLE PEOPLE PRAISE SIMPLE MIXTURE

Many in Maryville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy is the most thorough bowel cleanser ever sold, being even used successfully in appendicitis. One spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. Adler-i-ka cannot gripe and the instant action is surprising. The Koch Pharmacy.

No Sponges for the Cake.

The girl that Brown married was beautiful, musical and all that sort of thing, but she was not strong on frizzling beef and mashing potatoes. However, she questioned the neighbor ladies and did her best.

"Billy, dear," remarked the young bride as hubby returned at the usual hour, "I have made lovely pies for supper. I was going to have sponge cake, too, but my plans were upset."

"That's too bad," responded Billy, looking like a real disappointment. "What was the trouble?"

"It was all the druggist's fault," was the surprising rejoinder of wifey. "He forgot to send around the sponges."

INJURIES RESULT IN DEATH

Funeral Services for C. S. Hammond to Be Held at Wesley Chapel Saturday Morning.

C. S. Hammond, 36 years old, living six miles southwest of the city, died at 9 o'clock this morning at St. Francis hospital. Mr. Hammond had been suffering with internal injuries received in a fall several weeks ago. His trouble became serious a few days since and he was brought to the hospital in this city late last night for treatment.

Mr. Hammond is survived by his widow and four children. He is also survived by a sister, Mrs. Oliver Howard of this city and a brother, Lewis Hammond, living near Maryville.

Funeral services will be held at 10 o'clock Saturday morning at the Wesley Chapel church and the body will be buried in the Cain cemetery.

Meats For Dinner.

SINCE regular roast is higher than at any time and requires prolonged heat, try this:

Buy a "flank steak," have it trimmed and scored well. Heat some butter and fresh lard together, place the steak in this until well browned, remove and put in the same weight in fresh sliced onions, fry these to a golden brown, place all together in a deep iron fry pan, the onions on top, and cover with water, salted and peppered to taste. Keep this boiling over the small gas burner for an hour or until the water is all evaporated and the meat again begins to fry. Serve with onions on top and garnish the dish. The meat will be tender as chicken and your family will ask for more.

Braised Shoulder of Lamb.—Take a small shoulder of lamb, season with salt and pepper, boning it, and tying it up into shape. Place it in a pan with a slice of onion and a carrot and two ounces of butter or clarified dripping and let it all fry together for six minutes; now moisten with sufficient stock to cover the shoulder and let it simmer for forty-five minutes. Meantime cut three medium sized turnips into balls, put them in a sauce pan with one ounce of butter and a teaspoonful of sugar sprinkled over them; place them in the oven till nicely colored and glazed.

Baked Ham and Sweet Potatoes.—A delicious meat dish can be made by baking ham and sweet potatoes together. Grease the bottom of a round baking dish and place a slice of ham about half an inch thick in it. Pepper the ham and sprinkle a few cloves over the meat; then spread mashed sweet potatoes over meat about an inch and a half in thickness. Put butter, salt and pepper on potatoes, add another slice of ham, another layer of potatoes and top off with a third slice of ham. Bake in a rather hot oven for half an hour, or until the meat is tender. Serve hot, meat and potatoes together. This is an excellent dish for late summer and fall.

Take two chickens a year old, a quarter of a pound of bacon, a carrot cut fine, an onion cut fine, a quart of water and a herb bouquet. Clean the chickens and truss as for roasting; then dredge inside and out with salt and pepper, cut bacon in strips about the width of a match and cover the bottom of the stewpan. Lay over this carrots and onions, then another layer of bacon. Put the chickens in, cover well and set inside of hot oven. After twenty minutes add boiling water and herbs. Let it cook for two hours, turning the chickens once and basting occasionally. Put the chickens in a hot dish and boil down the gravy, skim off the grease, pass through a sieve, pour over the chickens and serve.

ARE WED IN LOCKUP CELL.

Ohio Bride Wanted Ceremony to Be "Out of Ordinary."

Sandusky, O.—Miss Luelia Martin of Toledo and James Edward Wessel of Detroit were married in a cell in Put-in-Bay village lockup by Justice of the Peace Homer Ramey.

"We want something out of the ordinary in the way of a ceremony," said the bride elect.

"Try a jail cell," suggested Squire Ramey. And they did.

Saw a White Crow.

Harbor Springs, Mich.—A very uncommon freak of nature has lately been observed here in the shape of a snow white crow, which mingles with a flock that makes its home on and about the Thomas Kneale farm. It is all white excepting a spot on its tail and one on its breast and furnishes a strange contrast to its black companions.

The Cruel Reason.

Mrs. Gossip—How does it come that Mrs. Newrich invited you to her party? I thought you were enemies. Mrs. Sharp—We are, but she thought I had nothing fit to wear and wanted to make me feel bad.

In the Game.

"I am in the hands of my friends," said the political sidestepper.

"Yes," replied the harsh critic, "and every time your friends look over their hands they seem impatient for a new deal."—Washington Star.

The Two Roses.

There were once two roses; one was yellow and the other was red. They were growing by a pathway in a little girl's garden. One day they had a quarrel as to which was the prettier. The yellow one said, "I am the prettier." "No," said the red one, "I am the prettier."

A lily who was growing near heard the dispute and said, "Pray let us have peace." So the two roses hung their heads and were very sorry, and there was peace ever after in that garden.

FORTY HERE TO WAR

GEO. VEACH, BOSS OF GANG, TO LEAD FELLOW GREEKS BACK.

ON WABASH ALL SUMMER

Foreman Has Fought for Greece Before and Wants to Help Native Land Again.

From shoveling earth out of the Normal cut here to digging war trenches in the Balkans is a long jump.

But the spirit of Pericles is not altogether lacking in the souls of the Greeks who have been most active in the cut and filling work of the Wabash railroad here this summer. Avast the joke which says that the descendants of Themistocles are now shining shoes.

Yesterday came the cable report that the crisis in the Balkans was averted and that the third Balkan war was probably prevented by the firm stand of the Greeks. They accomplished it by mobilizing their army and showing Bulgaria that they meant business.

The call has gone out for all the Greek reservists in the United States, about 55,000, to return home to fight for their country. How close home to Maryville does that come? Just this near. Forty men now living in Maryville expect to answer that call.

George Veach, boss of the Greek construction gang in the filling of the trestle work here on the Wabash railroad, will take forty of his men, all Greek reservists, to Omaha to join the men who are being recruited by the Greek council there within the next three weeks.

Mr. Veach is well acquainted with the condition of railroad work in this part of the country and he gives it as his opinion that 3,800 men will go from Nebraska alone. Much railroad construction work will be tied up and temporarily delayed. The men here will not leave, however, for fifteen or twenty days, until their contract is completed.

The consul at Omaha will arrange their transportation to the Atlantic coast and passage back to the native land. A special train from the west will probably run through Omaha and pick them up. C. Liliopoulos, consul at Seattle says that 10,000 will be called from his territory alone.

The foreman of the gang here has been in a former Balkan war and has made several trips to and from the old country. So he will lead his "regiment" from digging railroad dirt to throwing up trenches on the Greek frontier.

Many of the men who are going back are scornful of their compatriots who are settled in business and will not return to fight for "Hellenes." Few of them but hold those in contempt who have become naturalized.

"Those men in candy stores, shoe shining parlors and fruit stands have no—what you call patriotism—they do not love their country any more," said one of the workmen yesterday who spoke English very well. "We love Greece," he said with a sweep of his arm around at the other men; "we love her enough to go back and take up arms, even if it means death."

The Greeks have been here all summer working on the Wabash improvements. It has been noticed that they have sent remarkably large amounts home frequently, and that their thought seems always back on the Hellenic peninsula. Now the big test has come—for the answer to the call is optional—and forty of them have answered.

H. S. BOYS TO PLAY PICKERING

First of Series of Base Ball Games Tomorrow at Normal Grounds.

The Maryville high school base ball team will meet Pickering high school tomorrow afternoon at 3:45 on the Normal grounds. The personnel of the local team has not been decided, according to Paul Becker, director of high school athletics, but will be determined at a practice game this afternoon.

This game is the first of a series of fall base ball games with adjoining schools.

'NIP AND TUCK' IN MONROE

They're Trying for Road Bonds Again and Both Sides Are Polling Every Vote.

Monroe township is one of the "if at first you don't succeed, etc," kind of places, so they are making another effort to vote $25,000 for road improvements today. Five weeks ago the proposition was lost by eleven votes. Were the boosters discouraged? Never. They went right after a petition for another election lead by W. J. Skidmore of Skidmore.

Therefore, here's hoping it carries as it should after such persistence. Sixty-one voters asked for the election and it is said those sixty-one have been very active in campaigning for the bonds. Who knows? A drive to Skidmore may be the most popular auto ride in the county in a few years.

The judges in the election are: Frank Goslee, Ed Strickler, David Mitchell and Aaron Linville. The clerks are John Owens and Frank Barrett.

Advices from Skidmore late this afternoon indicate that the election will probably carry. The sentiment both for and against the bonds has been about equally divided, and should the proposition be defeated, the unfavorable majority will be very light.

BLAGG TO PRESIDE

WILL BE CHAIRMAN OF BIG DEMOCRATIC MEETING AT ST. JOSEPH.

MANY GOING FROM HERE

Will Go in the Morning, Returning at Night On Special—Maryville Band to Be Taken.

The stage is all set for the big Champ Clark day in St. Joseph tomorrow. Attorney Wesley A. Blagg of this city, has been selected by the committee on arrangements for chairman of the meeting. This is a compliment to Maryville that should help to swell the crowd from here.

The managers of the affair announce that there will be candidates without number at the meeting but that no booms will be permitted as any part of the general program. It is to be a genuine get together meeting for the good of the party in general and for no man or men in particular. Champ

W. A. BLAGG.

Clark, Gov. Major, Senator Reed, Senator Stone and Senator J. Hamilton Lewis of Chicago, will make addresses. There will be no reserved seats except a few for the speakers and visitors on the tsage and a few box seats for those who subscribed money for the entertainment.

All of the Maryville Democrats will go on the morning Burlington train and will return at night after the meeting on a special train. The band from here will be taken.

A St. Joseph paper says At the conference here tomorrow, plans for the holding of the Democratic state convention are to be thoroughly gone over The convention, which will nominate delegates to the Democratic convention, will be held in February. St. Louis, St. Joseph, Kansas City and Jefferson City are bidders for the gathering.

In his speech here Champ Clark will touch largely upon national issues.

J. Hamilton Lewis, the famous "Ham" of Illinois senatorial fame, and one of the most eloquent orators in America, is expected to be among the speakers at the Auditorium. "Ham" Lewis is one of the most unique, and at the same time one of the most brilliant men in public life, and his appearance alone is usually sufficient to fill an auditorium.

Purely Democratic Affair.

There will be no banquet. It is felt that the attendance will be so great that any attempt to take care of all would be futile, and the committee wishes this to be a purely democratic affair, at which all are welcome. Hence the decision to arrange merely for an afternoon and evening outburst of oratory.

Burlington Special Train.

The Burlington railroad will run a special train of twenty coaches. Advices received yesterday from points about the state indicate that from each of the following towns on the Burlington the number of persons designated may be expected: Fairfax, 60; Tarkio, 75; Hamilton, 25; Grant City, 100; Albany, 75; King City, 50; Maryville, 75. Holt county promises a delegation of at least 300.

Skidmore Visitor Leaves.

Mrs. W. H. Hoblitzell of Skidmore, who has been visiting her sister, Mrs. Charles Viles, has returned to her home. Mrs. Hoblitzell spent several weeks in St. Francis hospital taking medical treatment.

A marriage license was issued yesterday to Ernest E. Patee of Atlanthus and Miss Flora Alice Justus of Parnell.

GERMANS ADMIT IT

WAR OFFICE ANNOUNCES REVERSES INFLICTED BY FRENCH.

LOSES ARE STILL HEAVY

Two English Companies Blown Up by Mine at Ypres—Allies' Assertions Sustained.

Special to The Democrat-Forum.

Berlin, Sept. 30.—The French have inflicted reverses upon the Germans, it was admitted by the war office today. A hill near Massiges of considerable importance was admitted to have fallen into the hands of the French.

German mines blew up two companies of English troops near Ypres. At St. Marie the French cut through the German lines in many places, it was admitted, but the kaiser's staff asserts that in every case the attacking force was destroyed by the second and third reserve lines.

The war office, in a statement to the public, warns them not to minimize the importance of the great allied offensive, saying that the outcome of the drive was still in doubt. A virtual admission of all the claims which the French have made in the last three days was announced.

CALM NIGHT ON MANY FRONTS

But Paris Reports Steady Progress and Sustained Bombarding in Artois and Champagne.

Special to The Democrat-Forum.

Paris, Sept. 30.—The French have penetrated the second line of the German defense in Champagne, according to an announcement of the war office. The German line has been broken west of the Navarin farms.

The French have been aided by a sustained artillery fire in Artois. The Teutons are bombarding the new positions violently near Souchez. Tahure Hill and Navarin have been the scenes of the greatest French successes.

The captured points in the second line are now being firmly held where the French have repeatedly broken through the German lines. At some points the allied forces have penetrated even farther, but have been forced to retire under fierce artillery fire from the flanks.

A fortress was captured south of Ripont. The night was calm on the rest of the battle front.

The loss of life is reported to continue as heavy as ever.

Mrs. Bartlett Leaves.

Mrs. C. E. Bartlett of Boise, Idaho, who has been spending several days in the city, the guest of Mr. and Mrs. W. C. Pierce, left yesterday for a few days' visit with friends in Kansas City, after which she will return home.

"MUSH" TO NICKLES

AND THE FIVE-CENT PIECES KNEW ALASKAN DOG TALK.

FROM NOME TO 'FRISCO'

Clever Woman Josher With Gold Prospector's Outfit Brew Crowd Today and Yesterday.

"Mason's Alaska Dogs. Nome, Alaska, to San Francisco through Europe," reads the sign along the side of the dog cart. And the five dogs hitched to a wagon but little larger than a child's cart, with their driver, Miss Estell Mason, attracted almost as much attention here yesterday afternoon and this morning as a circus.

The outfit is but another of those which are crossing the country with a scheme to get to the fair, but one must admit that it is the cleverest seen here. On top of the wagon is an Alaska sled, and leashed to the back of the wagon are three other dogs. The aristocrat of the canines, "Manafee," pet and trick performer, perches proudly on the front seat, never soiling his snow whiteness by touching mud.

And how they do rake in the sheckles. It's a shame to have to work when the nickles will come rolling in as they did to Miss Mason for a long time last night. The jitneys are for a post card upon which side is a picture of the outfit, and on the other a poem by Harry J. Mason, extolling the Malimute or Alaska dog team. She sold twenty cards at 5 cents each in fifteen minutes by a watch yesterday afternoon.

She left Nome October 27, 1908, under a large wager by which she must complete 32,000 miles and return to Nome by December 25, 1915, with at least two of the original dogs which she stated. Her mileage was completed at Cincinnati, April 21, of this year. All her expenses, she says, must be from the sale of the cards.

The skeptics are always present, however, and there were many who believe that Miss Estell is not the sister, but the wife of the Harry J. who writes the poems, and that he is not back in Alaska prospecting, but laying low to join the real "nickles prospector" on her trip from town to town.

Be that as it may, little doubt is expressed as to the genuineness of the dogs. For they answer to "Much," the Alaskan for "get up" or "go ahead." When a stop is made they lie down in the harness and go to sleep, and they sure do go after dried salmon as if it were the best meat ever.

At another feat, the leader of the troupe is a star. She is a prize "josher," and the kidding she handed out as she sold the cards was really worth the price of an admission. At some places she does hire a hall and give a performance. And she never urges anyone to buy cards. That would hurt the sale. She just keeps on talking about Petrograd, Hamburg, Germany, the Philippines, Siberia and the Yukon, while the sales take care of themselves.

Miss Mason says that she has come between four and five thousand miles by land. She was in England when the war broke out and remained there nine weeks. She says the best mileage the dogs ever made was 115 miles in 10 hours, in Siberia on snow.

Officials in every city sign her documents and postal registry is given at important centers. St. Louis was the last registry and she is required to be in Lincoln, Neb., by October 27.

And The Democrat-Forum business office thinks a lot of her for she did not take all the coin out of Maryville with her but came in and gave an order for 1,000 more cards to be printed.

CROWD ATTENDS INSTALLATION.

Many Hear Sermon by Former Maryville Pastor Last Night.

A large crowd was present at the First Presbyterian church last night to witness the installation ceremonies for the new pastor, the Rev. William Moll Case.

The principal feature of the evening was the address of the former pastor, the Rev. S. D. Harkness, new minister at the Immanuel Presbyterian church of Kansas City. Other pastors from the presbytery attending were Dr. Duncan Brown and the Rev. D. N. Claggett of St. Joseph.

Greek Chamber of Deputies Votes $29,000,000 to Get Country on War Footing

Special to The Democrat-Forum.

Athens, Sept. 30.—Martial law has been proclaimed in Macedonia. The chamber of deputies has sanctioned all the arrangements made by the premier for the conduct of affairs in that province.

All measures for putting Greece on a war footing have been adopted. An appropriation bill calling for $29,000,000 for mobilization and the pensioning of soldiers and their families was passed yesterday.

CARRANZA TOLD TO GET BUSY

U. S. Orders Dispersing of Marauders at Progresso With Invasion Threat.

Special to The Democrat-Forum.

Brownsville, Texas, Sept. 30.—The American government has served notice on the Carranzista commander at Matamoras that if he doesn't send troops against the Mexican raiders encamped opposite Progresso, the act will be deemed unfriendly.

The force of marauders is believed to number 700. The general was also informed that acts necessary to protect Americans would be taken by the troops of the United States. It is believed here that it is meant that the American troops will cross the border if quiet is not restored on the other side of the river.

The message was sent through the war department.

PELTZER AFFAIRS PROBED

Irregularities Reported in Business of Kansas City Man Who Fell Five Stories to Death.

Special to The Democrat-Forum.

Kansas City, Sept. 30.—The coroner has ordered the police to investigate the business affairs of T. C. Peltzer, a real estate dealer, who fell five stories to his death from his office window yesterday afternoon.

It is rumored that Peltzer had an $18,000 note to meet today and a $5,000 overdraft at the bank. It is thought that these difficulties would probably have brought irregularities to light. It is also reported that a man recently received a notice to pay off a mortgage which he asserts he paid to Peltzer two years ago.

The insurance companies among which he had policies totaling $425,000 are holding up the benefit payments until his affairs are straightened out. He inherited a fortune and was connected with several trust companies.

RETURNED FROM MEETING.

Speakers at Republican Meeting Laud President and Champ Clark.

J. S. Shinabargar and W. R. Tilson returned last evening from St. Louis where they attended the Republican love feast. They attended the banquet of the Missouri Republicans at the Planters hotel Tuesday evening, addresses being made by Senator John W. Weeks of Massachusetts, Congressman James R. Mann of Illinois and former Congressman James Watson of Indiana.

Senator Weeks said President Wilson should not be harassed or hampered in his diplomatic relations with the belligerents. Congressman Mann, who uttered praise of Champ Clark, declared that Americans must not become military mad.

25 DEAD ON GULF

TROPICAL STORM, SWEEPING NORTH, DOES GREAT DAMAGE.

PROBABLY $1,500,000.00

Unpicked Cotton Suffers Chiefly—All Over in New Orleans, But Hurricane is Approaching Vicksburg.

Special to The Democrat-Forum.

Memphis, Tenn., Sept. 30.—More than 25 dead have already been reported in the region north of New Orleans as a result of the gulf storm and hurricane which is sweeping northward from that city. Scores are injured and the property damage is estimated at a million and a half dollars.

The property damage was mostly to unpicked cotton in the fields. The greatest damage was in the Lake Pontchartrain district. Latest reports say that the water is receding in the streets of New Orleans, which was swept there by the high waves.

The storm has subsided in New Orleans. Ten dead have been found. The greatest property damage was the destruction of old landmarks. All towns fifty miles inland from the gulf were severely damaged.

An unidentified schooner is breaking up on the rocks off Gulf port, and every effort is ebing made to effect a rescue, but the sea is still running high. Houses were unroofed at Jackson, Miss.

The railroads have suffered many washouts and few trains are running. The storm is approaching Vicksburg today. The wind is only 40 miles an hour, but is increasing. Wire service has been completely broken in many parts of the central southern states.

ARDMORE MAY SUE ROADS

Railway Companies Blamed for Gasoline Explosion and Face Many Suits.

Special to The Democrat-Forum.

Ardmore, Okla., Sept. 30.—The investigation of the gasoline explosion disaster was continued by the city officials here today with the charge that the Santa Fé Railway company was careless in placing such explosive material in a defective car.

It was also charged that the regulations of the interstate commerce commission was ignored by placing the car so near the station. Officials predicted that many public and private suits for damage against the railroad company will be filed.

PEACE RUMORS AGAIN.

Berlin Hears That Russia is Preparing Proposals to the German Government.

Special to The Democrat-Forum.

Berlin, Sept. 30.—It is rumored in official circles here that Russia is about to express a willingness to make peace under certain conditions which are now being formed by the czar and his ministers.

WILDERMAN BROKE WRIST.

Slipped On Curbing in St. Joseph Tuesday and Fell Heavily.

T. L. Wilderman fell Tuesday in St. Joseph, when a heel plate on his shoe slipped on a steel plate of a curbing. When he threw out his arms to catch the force of the fall his left wrist was broken. Only one of the bones was fractured and the other dislocated. He is doing as well as could be expected, the physicians report.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Patrimony is a great aid to matrimony.

Tomorrow is the day, St. Joseph is the place. All aboard.

Owing to the apathy of the police in St. Joseph, Judge Ryan of the criminal court has ordered the sheriff to clean up the town.

Des Moines claims the richest newsboy in the world. His name is Mose Jacobs, and he has accumulated $15,000.

An exchange suggests that lotteries are no longer allowed in this country, but the system of ordering from the waiter and paying for what you get still obtains.

This whole country, hills and valleys, would be navigable if the old boast of the Mississippi steamboat pilots was true that their boats would run on a heavy dew.

The announcement of men's clothiers that vests and waistcoats are to have a prominent place among fashions this year should increase the interest in Senator J. Ham Lewis at St. Joseph tomorrow.

Dictionary makers announce that there are now 600,000 words in the English language, and that four new ones are being added daily. Friends who have heard Billy Sunday up at Omaha say that four is rather a low average.

From a recent souvenir sent out by the United States pension bureau on account of the forty-ninth national encampment of the Grand Army of the Republic, we notice the following of interest: The pension roll, for the first time since the war, shows a decline, having fallen nearly seven million dollars for 1915. Out of 2,213,365 men enlisted on the Union side only 396,370 are living. Last year 33,255 died. Since the end of the late unpleasantness 1,816,995 soldiers who survived the grape have fallen before the sickle of time. The total paid for pensions last year was something over 165 millions, of which 36,000 Missouri pensioners received about eight millions. Only five other states exceed Missouri in the amount received, and the total disbursements require four million checks, which are signed by multiple machines and other labor saving devices.

BIDS ON 16 NEW SUBMARINES.

New U-Boats Will Have Capacity of Trans-Atlantic Trip.

Special to The Democrat-Forum.

Washington, Sept. 30.—Proposals for sixteen submarines were opened at the Navy Department today. When completed they will bring the total of Uncle Sam's underwater craft up to 74. The new boats will be designed primarily for coast defense although they will have a steaming radius which will permit them to cross the Atlantic Ocean if necessary.

In design and equipment, the new U boats will be modelle dafter the eight craft of the K class already in commission with all of the improvements of the latest or L class, eleven of which are already built or building. They will have a length of 160 feet with a 17-foot beam, a surface displacement of 450 to 475 tons and an underwater displacement of some 600 tons. They will make a moderate speed of from 13 to 15 knots an hour on the surface.

BODY IS MOTIONLESS IN AIR.

Italian Gets Wonderful Results From New Sky Apparatus.

Paris.—Louis Rota, an Italian engineer, has solved the problem of holding an object motionless in space, according to the Marseilles correspondent of Petit Parisien. Rota is credited with having constructed an apparatus which, by the action of electric currents, can be elevated to a height of 2,000 to 3,000 feet and kept motionless, or propelled in any direction at a speed of more than 100 miles an hour.

Rota's apparatus is spindle shaped, twelve feet long and two feet in diameter, and can carry a weight of ninety pounds. It is said to remain motionless in a wind of considerable velocity, but if the wind becomes very strong it rises automatically until it reaches a calmer region of the air. The invention is based upon reactions obtained from the electromagnetic forces of the atmosphere.

LAUGHS NEARLY TWO HOURS.

Negress Who Sees Fat Man Chase Hat Has to Have Morphine.

Kansas City, Mo.—Betsy Green, a stout negro woman, stood beside a big fat man at Riverview station here when down the street flitted a puff of wind and neatly removed the fat man's hat and sent it sailing up Central avenue.

Every one smiled as the fat man gave chase as best his avoirdupois would permit. Betsy laughed.

When Betsy had laughed for an hour and forty-five minutes without being able to stop an ambulance surgeon stopped it with a dose of morphine.

SNAKE PLAYS PICKPOCKET.

Steals Farmer's Watch From Vest Hung on Tree.

Sunbury, Pa.—Overheated while cutting wood on his farm at Kline's Grove, Charles R. Johnson hung his vest on a sapling. When he put on his vest his watch was missing.

Later Johnson found a big blacksnake and killed it. A suspicious lump protruded from its stomach. Johnson cut the snake open, and his watch rolled out undamaged. The farmer has nailed the snake, six feet four inches in length, to his barn as an affidavit to doubting friends.

MORE PIERS NEEDED FOR CANAL TRAFFIC

Congestion So Great Third Being Built; Plan Fourth.

Panama.—Since the opening of the canal a year ago the shipping in the port of Cristobal, at the northern end of the waterway, has increased so rapidly that the two 1,000 foot steel and concrete piers, costing $2,500,000 each, are no longer adequate to care for the vast amount of freight handled. A third pier is being built, and plans for a fourth have been drawn up.

Frequently the congestion at the two piers is so great that ships have to wait their turn in order to get docking room. This is causing considerable delay to traffic, especially that which comes to the isthmus to be reshipped to points along the coasts of Central and South America. These broken cargoes are frequently delayed from a month to six weeks.

It had been thought that Balboa, the southern terminus of the canal, would become the most important transshipping port of the canal terminal. Two 1,000 foot piers extending into the inner harbor, besides two long shore line piers, were planned and are now in course of construction. Officials now, however, are of the opinion that this will be far more than Balboa will require for some years to come.

It was expected that the South American steamship lines would make that their terminal port and that probably some of the Atlantic connecting links would pass through the canal to deliver their cargoes at the Balboa docks; also it was thought that the cargo which did not come through the canal in this manner would be handled by the Panama railroad.

The South American steamship lines, however, suddenly decided to pass through the canal and pick up their cargoes at the Cristobal terminals because they learned they could use the canal, paying the tolls on a ballast basis one way, return with a full hold and do it cheaper than if they made Balboa their terminal. The high tides at the Balboa terminals also had much to do with their decision. Besides, freight rates on the Panama railroad are said to be very high.

Dog Warns by Telephone.

Paris.—According to the Gazette de France, a certain French regiment possesses a dog which is sent out from advanced sentry posts at night with a telephone strapped over his mouth and a wire connecting the instrument with the post. If the dog hears the Germans approaching it turns quietly into the telephone.

WATCH OUT WHAT YOU SHOOT

Federal Game Laws Differ From the State But Your Uncle Sam Enforces.

Special to The Democrat-Forum.

Washington, Sept. 30.—With the approach of the open season for shooting wild fowl, the United States department of agriculture is warning sportsmen that the Federal regulations as amended October 1, 1914, will be strictly enforced. Some misunderstanding has arisen from the fact that the various state laws do not always conform to the Federal regulations. This is regarded as unfortunate but in such cases the Department must insist upon the observance of the Federal regulations.

The Department will consider any recommendations submitted in good faith for amendment of the regulations but will hold no public hearings thereon, nor will it amend the regulations prior to October 15, 1915. It is the purpose of the Department to conform the regulations to the wishes of the majority of sportsmen so far as it can be done and at the same time give wild fowl the necessary protection.

POLITICS DAY WITH VETERANS

Officers Will Be Elected Today and Comrades Are Being "Buttonholed" Everywhere.

Special to The Democrat-Forum.

Washington, Sept. 30.—Business sessions, featured by spirited campaigning for commander-in-chief, today occupied the time of the visiting veterans of the G. A. R.

Four candidates were in the field to succeed Gen. D. J. Palmer, as commander-in-chief and chief interest centered in the efforts of the friends of each to win support for his candidate.

Elias R. Montfort, for sixteen years postmaster at Cincinnati, was reported to have strong endorsement for the place and his campaign managers were busy buttonholing their comrades in his behalf.

Equally active and confident of success were the friends of Orlando A. Somers, of Indianoplis; William J. Patterson of Pittsburg, and Frank O. Cole of Jersey City. These veterans are past department commanders and this was being used by their state delegations as an argument for them.

George H. Slabaugh of this city, had no opposition for the office of senior vice commander-in-chief and as this office invariably is given to a member of the entertaining camp his selection virtually was assured.

For junior vice commander there were three candidates and this contest also attracted much attention of the veterans, especially those from the South, from which section the candidate usually is selected. John W. Stebbins of Norfolk, Va., Prof. Levant Dodge of Berea college, Ky., and Col. E. K. Russ of New Orleans, were the candidates for the Post.

N. W. MO .OSTEOPATHS MEET.

Dr. Snyder of Burlington Junction Elected Secretary of Medical Society.

The northwest Missouri osteopaths met at Oregon on September 28, 1915. They were entertained by the two local osteopathic physicians, Dr. Emma Black and Dr. W. W. Turner. New officers were elected as follows: Dr. W. E. Paul of Mound City, president; Dr. C. S. Spangler of Maitland, vice president; Dr. Syler of Burlington Junction, secretary.

The following program was given:

"The Eye in Relation to Disease"—Dr. Syler.

"Technique"—Drs. Paul and Taylor.

Report of Portland, Ore., national osteopathic convention—Dr. Ida M. Rogers.

"Thoroughness in Diagnosis"—Dr. Emma Black.

Those unable to attend were: Dr. Bone of Maryville, Dr. Spangler of Maitland, Dr. T. Paul of Tarkio, Dr. Kinney of Rock Port, Dr. Roberts of King City and Dr. Lena Eisminger of Savannah.

The next meeting will be held with Dr. Syler in Burlington Junction, November 22, 1915.

RETURNS TO ATLANTIC.

H. C. Conrad and Family Arrive at Old Home in Iowa.

H. C. Conrad, known to his host of friends here as "Hal," and who left this city a few years ago to practice chiropractic and located first at Corning, where he was for a number of years, and then at Maryville, Mo., where he has been practicing for some time, is in the city, and will again make his home here. His wife and daughter are here with him, and on the first of October, or soon thereafter, Hal will open an office in the Alexander building for the practice of his profession.

Dr. Conrad is a graduate of the Palmer school at Davenport and is rated as one of the best equipped practitioners of the new science of chiropractic in this section of the state. He is a son of the late C. C. Conrad, whose long career in this city was an honorable one and it is not necessary to state that as a citizen and man Hal is a valuable asset to any community. His residence here as boy and man attest that.

Hal was well known to everyone here when he was connected with the Conrad shoe store, and the News-Telegraph joins his many other friends in wishing him success in his profession here and welcoming him back to the best city of its inches in the state.—Atlantic (Ia.) News-Telegraph.

PSYCHOLOGY OF FASHIONS.

State Teachers to View Model of a Uniform Business Suit.

Kansas City, Sept. 25.—"The Psychology of Changing Fashions in Women's Dress" will be the subject of a talk by Hugh Fullerton of the textile mills in Cleveland, O., at the state teachers' convention to be held here October 4, 5 and 6. Mr. Fullerton will bring samples of the standardized tailored suit for women, which he believes should be adopted to prevent unemployment in the shops which make women's garments.

A business suit for women to remain the same year by year is proposed. This will enable a woman whose suit is still in good condition to wear it a second or third year without fear of appearing "old fashioned." Mr. Fullerton will be brought here by domestic art department of the state teachers' association.

A Wise Father This.

A Denver man of considerable means who died last month, devised a peculiar, and in some respects highly sensible, method of leaving his money to his sons. 200 MILLION SANTA SEALS

Christmas Stamps Now Being Printed by Red Cross.—To Fight Tuberculosis.

Two hundred million Red Cross Christmas Seals are now being printed and distributed by the American Red Cross and The National Association for the study and prevention of Tuberculosis, according to a statement issued by the latter organization today. The proceeds from the sale of these seals will go for the fight against tuberculosis in the communities where the seals are sold.

The organization of the Red Cross sale this year will take in every state and territory of the United States, including Hawaii, Porto Rico, and the Canal Zone. By December 1st, over 500,000 workers, men, women and children, will be engaged in the campaign.

The sale in 1914 broke all previous records, totaling over 55,000,000 sales, an increase of 22 per cent over 1913. After deducting all expenses, this left nearly $500,000 for tuberculosis work in this country. The money has been and is being expended by over 2,000 different agencies who benefited from the sale in amounts ranging from $100 or less to over $25,000. The American Red Cross announces that it will continue its previous successful policy of charging only 10 per cent of the gross proceeds to state anti-tuberculosis associations, thereby encouraging local work.

TAKE PATENT MEDICINE

Federal Courts Condemn or Fine Fifty Companies for Mislabeling.

Special to The Democrat-Forum.

Washington, Sept. 30.—More than half a hundred legal actions have been terminated successfully under the Sherley amendment to the Food and Drugs Act, which prohibits false and fradulent claims as to the curative or therapeutic effects of drugs or medicines. Criminal prosecutions against the manufacturers were brought in 25 cases, but in 31 instances the falsely and fraudulently labeled medicines were seized while in interstate commerce. Claims made by the manufacturers for the curative powers of these preparations ranged from tuberculosis smallpox and diptheria to coughs, colds and scalp diseases

The following list includes other preparations against which the government's charge that they were falsely or fradulently labeled was sustained by the Federal courts. Statements were made on the labels of, or on the circulars accompanying, the preparations intended to make the purchaser believe that the medicines were effective cures for a great variety of diseases for which they were recommended by the manufacturers or promoters. The main allegations of the government were upheld by the courts and judgment accordingly entered in connection with each of the following preparations:

Radam's Microbe Killer, Hilton's Specific, Smith's Agricultural Liniment, Dr. Sullivan's Sure Solvent, Russell's White Drops, Stramoline, Wild Cherry Pepsin, Moreau's Wine of Anise, Dr. Herman Koch's Brand Phosphate Celery and Gin Compound, Swisco Hair and Scalp Remedy, Cod Liver Oil with Syrup of Tar, Dr. Mozley's Lemon Elixir, Tutt's Pills, Universal Rheumatic Remedy, Green Mountain Oil, Weber's Genuine Alpine Herb Tea, Montague's Liniment, Coe's Cough Balsam, White Stone Lithia Water, Kalamazoo Celery and Sarsaparilla Compound, Quality Damiana Compound Dennis Eucalyptus Ointment, Cassidy's 4X The Great Blood Purifier, Sa-Yo Mint Jujubes, Gray's Glycerine Tonic Compound, Dr. Martel's Female Pills, Quickstep, Frye's Remedy; Seawright's Magnesian Lithia Water, Hill's Aromatic Ext. Guess Work Is DANGEROUS In Fitting Glasses

The old way of fitting glasses by guessing at the kind needed was often more harmful than going without them. NO GUESS WORK NOW. I submit the test, the correction, and the cost to you before you are asked to pay a single cent. You take no risk nor incur any obligation by coming to me about your eyes.

SOCIETY and CLUBLAND

By KATE SCHENCK
PHONES—OFFICE 42. HOME 683

Origin of the Club.

Not infrequently women of wit direct their shafts against the club so beloved and frequented by mankind. In Ralph Nevill's story of "London Clubs" and their origin and uses are some examples of wit aimed in the opposite direction.

The original conception of a London club was a retreat to which West End men might betake themselves, certain that the troubles and worries of the outside world would not follow them into a building which they regarded as a temple of dignified seclusion and repose.

Perhaps the best description of a club, as it existed in former days, was that given by a witty bishop, who defined it as a place "where women ceased from troubling and the weary were at rest."

Another amusing definition was once given by George Augustus Sala.

"A club," said Sala, "is a weapon used by savages to keep the white woman at a distance."—Youth's Companion.

Esther Louise Paulette.

Mr. and Mrs. Jesse Paulette of East First street announce the birth of their daughter Wednesday, to whom they have given the name Esther Louise.

For Mrs. Johnston.

Mrs. Charles D. Bellows and Miss Clara Bellows have issued invitations to guests for a Saturday afternoon euchre to meet their sister, Mrs. William H. Johnston of Seattle, Wash.

Ladies' Aid to Meet.

The Ladies' Aid society of the Buchanan Street Methodist church will hold its regular monthly session at 2:30 o'clock Friday afternoon at the church.

Mr. and Mrs. Mutz to Entertain.

Mr. and Mrs. Walter Mutz will entertain the members of the I X L club and their husbands and house guests with an evening party at the Mutz home Friday night.

Wells Dinner Party.

Work was commenced this morning the hosts of a dinner party given last night at the Wells home, on South Vine street, at which plates were laid for the Rev. S. D. Harkness of Kansas City, Miss Mabel Wells, Mr. Roy Curfman and the hosts.

Women Clear Good Sum.

The women of St. Patrick's Catholic church cleared the neat sum of $142 at their annual dinner, served yesterday in the church hall. Supper was also served and the sale of kitchen aprons and home-made candy added to the total amount received. The women of St. Patrick's parish are renowned for their delicious cookery, and their dinners are attended by immense crowds. The storm of yesterday made the attendance smaller than usual.

To Celebrate Anniversary.

Mr. and Mrs. C. B. Hornbuckle, living three miles west of Pickering, will celebrate their fortieth wedding anniversary Sunday, October 3, and to observe the day will entertain a number of relatives and friends with a dinner party at their home. Plates will be laid for forty. Mrs. Hornbuckle is a daughter of Mr. and Mrs. George Reynolds of West Second street.

Mrs. Wright Hostess.

Mrs. Henry Wright was the hostess yesterday afternoon to the meeting of the I X L club held at the Wright home, on North Main street. The usual needlework hour was followed by the serving of luncheon and a visiting hour. Mrs. Wright was assisted in her duties as hostess by Mrs. S. H. Kemp and Mrs. Eugene Rathbun. The special guests present were Mrs. Margaret Whedbee of Carthage, Mo., who is the house guest of Mrs. John Bantz and Mrs. F. M. Compton.

Some Interesting Reading.

Many of the articles prepared for the women's club edition of The Democrat-Forum issued last Saturday were left out on account of lack of space. Some were of exceptional merit and were omitted with great reluctance on the part of the editors. From time to time these articles will be used in the regular edition. "In the Shade of the Old Maple Tree," in yesterday's edition, which was read with so much interest, was one of the "left overs." The article was taken from a scrap book compiled by D. R. Eversole and loaned by him to the club women.

Mrs. Winnell Hostess.

Mrs. Fred Winnell, living near Wilcox, entertained a party of friends yesterday with an old-fashioned "rag tacking." The entire day was spent at the Winnell home. At noon a sumptuous dinner was served. Those in the crowd were Mrs. M. P. Gingrich, Mrs. Marshall Seibert, Mrs. E. P. Knabb, Mrs. Hugh Brody, Mrs. Brice Hall and son, Lester, Mrs. James Leffler, Mrs. C. C. Hainline, Mrs. M. Smith and daughter, Evelyn, Mrs. Silas Friend and son, Harlan, Mrs. Mary Thompson, Mrs. A. E. Fink, Mrs. John Dooley and daughter, Mildred, Mrs. Frank Gohn and two children, Mrs. Clarence Duncan, Mrs. William Sallee, Misses Florrie and Adelaide Thomas, Miss Ada Gingrich and Miss Florence Moore.

D. A. R. to Meet.

The first meeting of the winter for the Daughters of the American Revolution will be held at 2:30 o'clock Saturday afternoon at the J. F. Montgomery home on South Main street, with Mrs. Montgomery and Miss Ruth Montgomery hostesses.

Change Residence.

The Rev. and Mrs. Robert Lyle Finch and son, Robert, Jr., have moved from the cottage on West Second to apartments in the residence of Mrs. Margaret Starr, on the corner of Seventh and Mulberry, where they will be at home during the remainder of their stay in Maryville.

Mr. Finch to Milwaukee.

The Rev. R. L. Finch, pastor of the First Christian church, will leave tonight for Milwaukee, on a short business trip. He will return to Maryville the first of next week. Mr. Finch has resigned the Maryville pastorate to take that of the Park and Prospect Avenues Christian church at Milwaukee, and he will conduct the services at that church Sunday.

Miss Collins to Ann Arbor.

Miss Anna Collins left this afternoon for Ann Arbor, Mich., where she will enter college for the year. She was accompanied on the trip by her brother, Richard Collins, who will return after his sister is located.

SUNDAY SCHOOL FILMS TONIGHT.

"Loyalty," a Five-Reel Picture, Censored by Church, Also at Empire.

The moving pictures of the Christian church Sunday school rally last Sunday will be shown at the Empire tonight. The reel is of interest because it is all a "Made in Maryville" product. The actors live here and the reel was photographed and developed by F. R. Marcell. "Loyalty," a five-reel film, censored and selected by the church people, will also be shown.

WILCOX MERCHANT LEAVES.

W. M. Ritchie Will Move Business to St. Joseph Tomorrow.

W. M. Ritchie, proprietor of a general store at Wilcox and his family will move to St. Joseph this week to make their home. Mr. Ritchie will move his stock to St. Joseph and will probably go into business in that city in the near future. His plans are unsettled so far as to his business. He expects to move tomorrow.

REBUILDING CHURCH AT WILCOX

Methodist South Congregation Adding Social and Sunday School Rooms.

The congregation of the Methodist Church South of Wilcox, has subscribed the money for building over and remodeling its church building and the work was begun this week. The former frame building will be partially used. A new basement and foundation will be built of cement blocks and the Sunday school and social rooms will be added to the main auditorium.

The changes are made at considerable cost and the most of the money has already been paid in. The women of the congregation have assisted materially in the work, by the money they have raised at various entertainments given during the past few months.

Hopkins Farmer to Move to Texas.

George W. Otis, who for half a century has owned and operated a large farm near Hopkins, in this county, returned yesterday from a visit in the Trinity valley country in east Texas, and reports a very pleasant and profitable trip. Mr. Otis liked the country well enough to purchase a 160-acre farm near Trinity, Trinity county, and is arranging to make that country his future home. He will move as soon as possible after he disposes of his crops and stock this fall. Mr. Otis stopped over in Maryville last night, on his way home, in order to report to his brother, Ed Otis.

MARYVILLE PEOPLE PRAISE SIMPLE MIXTURE

Many in Maryville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy is the most thorough bowel cleanser ever sold, being even used successfully in appendicitis. One spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. Adler-i-ka cannot gripe and the instant action is surprising. The Koch Pharmacy.

No Sponges for the Cake.

The girl that Brown married was beautiful, musical and all that sort of thing, but she was not strong on frizzling beef and mashing potatoes. However, she questioned the neighbor ladies and did her best.

"Billy, dear," remarked the young bride as hubby returned at the usual hour, "I have made lovely pies for supper. I was going to have sponge cake, too, but my plans were upset."

"That's too bad," responded Billy, looking like a real disappointment. "What was the trouble?"

"It was all the druggist's fault," was the surprising rejoinder of wifey. "He forgot to send around the sponges."

INJURIES RESULT IN DEATH

Funeral Services for C. S. Hammond to Be Held at Wesley Chapel Saturday Morning.

C. S. Hammond, 36 years old, living six miles southwest of the city, died at 9 o'clock this morning at St. Francis hospital. Mr. Hammond had been suffering with internal injuries received in a fall several weeks ago. His trouble became serious a few days since and he was brought to the hospital in this city late last night for treatment.

Mr. Hammond is survived by his widow and four children. He is also survived by a sister, Mrs. Oliver Howard of this city and a brother, Lewis Hammond, living near Maryville.

Funeral services will be held at 10 o'clock Saturday morning at the Wesley Chapel church and the body will be buried in the Cain cemetery.

RECORD OF THE PAST.

No Stronger Evidence Can Be Had in Maryville.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

T. A. Murray, 707 E. Fourth street, Maryville, says: "I had pains in my back and my kidneys bothered me. Doan's Kidney Pills, which I got at Love & Gaugh's drug store, gave me permanent benefit. I will always recommend them, for they can be relied on. The statement I have given before, praising Doan's Kidney Pills, holds good."

Meats For Dinner.

SINCE regular roast is higher than at any time and requires prolonged heat, try this:

Buy a "flank steak," have it trimmed and scored well. Heat some butter and fresh lard together, place the steak in this until well browned, remove and put in the same weight in fresh sliced onions, fry these to a golden brown, place all together in a deep iron fry pan, the onions on top, and cover with water, salted and peppered to taste. Keep this boiling over the small gas burner for an hour or until the water is all evaporated and the meat again begins to fry. Serve with onions on top and garnish the dish. The meat will be tender as chicken and your family will ask for more.

Braised Shoulder of Lamb.—Take a small shoulder of lamb, season with salt and pepper, boning it, and tying it up into shape. Place it in a pan with a slice of onion and a carrot and two ounces of butter or clarified dripping and let it all fry together for six minutes; now moisten with sufficient stock to cover the shoulder and let it simmer for forty-five minutes. Meantime cut three medium sized turnips into balls, put them in a sauce pan with one ounce of butter and a teaspoonful of sugar sprinkled over them; place them in the oven till nicely colored and glazed.

Baked Ham and Sweet Potatoes.—A delicious meat dish can be made by baking ham and sweet potatoes together. Grease the bottom of a round baking dish and place a slice of ham about half an inch thick in it. Pepper the ham and sprinkle a few cloves over the meat; then spread mashed sweet potatoes over meat about an inch and a half in thickness. Put butter, salt and pepper on potatoes, add another slice of ham, another layer of potatoes and top off with a third slice of ham. Bake in a rather hot oven for half an hour, or until the meat is tender. Serve hot, meat and potatoes together. This is an excellent dish for late summer and fall.

Take two chickens a year old, a quarter of a pound of bacon, a carrot cut fine, an onion cut fine, a quart of water and a herb bouquet. Clean the chickens and truss as for roasting; then dredge inside and out with salt and pepper, cut bacon in strips about the width of a match and cover the bottom of the stewpan. Lay over this carrots and onions, then another layer of bacon. Put the chickens in, cover well and set inside of hot oven. After twenty minutes add boiling water and herbs. Let it cook for two hours, turning the chickens once and basting occasionally. Put the chickens in a hot dish and boil down the gravy, skim off the grease, pass through a sieve, pour over the chickens and serve.

ARE WED IN LOCKUP CELL.

Ohio Bride Wanted Ceremony to Be "Out of Ordinary."

Sandusky, O.—Miss Luelia Martin of Toledo and James Edward Wessel of Detroit were married in a cell in Put-in-Bay village lockup by Justice of the Peace Homer Ramey.

"We want something out of the ordinary in the way of a ceremony," said the bride elect.

"Try a jail cell," suggested Squire Ramey. And they did.

Saw a White Crow.

Harbor Springs, Mich.—A very uncommon freak of nature has lately been observed here in the shape of a snow white crow, which mingles with a flock that makes its home on and about the Thomas Kneale farm. It is all white excepting a spot on its tail and one on its breast and furnishes a strange contrast to its black companions.

The Cruel Reason.

Mrs. Gossip—How does it come that Mrs. Newrich invited you to her party? I thought you were enemies. Mrs. Sharp—We are, but she thought I had nothing fit to wear and wanted to make me feel bad.

In the Game.

"I am in the hands of my friends," said the political sidestepper.

"Yes," replied the harsh critic, "and every time your friends look over their hands they seem impatient for a new deal."—Washington Star.

The Two Roses.

There were once two roses; one was yellow and the other was red. They were growing by a pathway in a little girl's garden. One day they had a quarrel as to which was the prettier. The yellow one said, "I am the prettier." "No," said the red one, "I am the prettier."

A lily who was growing near heard the dispute and said, "Pray let us have peace." So the two roses hung their heads and were very sorry, and there was peace ever after in that garden.
